

And you mistook
me kindly...

But that
Director took
me in

I... was
abandoned
in the mountains
by my previous
owner in the mountains...

I was chased
out, being called
a "dangerous animal"...

It was really
scary, and
really painful...

Because I came to
this zoo, I'm now
super happy

By the way,
it's now
impossible to
keep one
without having
a permit.

The raccoon was
deemed to be an
alien species that
caused chaos in
the ecosystem.

Yeah...

Yeah...
why...

There's something attached to your system.

That's a paradox. When it starts to feel good, it in turn starts to grow bigger, you said. ■

Whoever...? What
is this...?

But,
you said
"stop" just
before.

That was...
I felt a bit too
good, so I was
starting to feel a
little anxious...

I'm happy
you made me
feel good.

That's not
it at all...
Azuki...

~~~~~

Azuki.

So...

Thanks for  
making me  
feel good.

Nope!  
Not at  
all!

Really? Am I  
not trouble  
for you?

No  
problem.

And, thank  
you... Azuki...

Taneda-san...  
Thank you so  
much...

I'm so  
glad...

I'M SO...

HAPPY...!

## AZUKI

IT SEEMS THAT FOR RACCOONS THAT ARE RAISED IN THE WILD, THE HABIT OF WASHING IS NOT OBSERVED. ANYWAY, IT SEEMS TO BE THAT THIS SORT OF BEHAVIOR ONLY OCCURS IN THOSE CARED FOR BY HUMANS. HOWEVER, RACCOONS HANDS ARE CUTE. LIKE A HUMAN'S HAND, THEY HAVE FIVE FINGERS THAT GO "PAKAH" WHEN THEY SPREAD OPEN.
